Submission and Re-Evaluation of AM-TTC Proposal Documents

The board of the AM-TTC Alliance evaluated and classified the nine full proposals of the planned AM-TTC that were submitted beginning of April 2019. The board decided to give some consortia that submitted a proposal the possibility to modify their proposal according to the points mentioned in the evaluation report and to re-submit the proposal documents in order to better meet the evaluation criteria. In the table below, you will find the next steps and the schedule of the submission and re-evaluation process.
